Most people know the basic story of the first Thanksgiving: the Pilgrims arrived at Plymouth Rock, the Native Americans helped them grow food, and they all gathered together in a feast of thanksgiving. But what most versions leave out is the crucial role played by Squanto.....the English-speaking, Catholic, Native American hero!

Amazing Historical Facts

Wait, what? Why was there an English-speaking, Catholic, Native American near Plymouth when the Pilgrims landed? Here's the amazing story:

In the early 17th century, Squanto's tribe came in contact with some of the earliest English colonists in the Americas. He was captured and taught English so he could serve as an interpreter. But in 1614, as he was being transported by John Smith (of Pocahontas fame), one of Smith's lieutenants, Thomas Hunt, kidnapped him.

Hunt took Squanto to Spain to sell him as a slave. But some Franciscan friars saw what was happening and saved Squanto. The Franciscans taught Squanto the Catholic faith and he was apparently baptized. A free man, Squanto wanted to return home, so he went to London to try to get a place aboard a ship going back to the Massachusetts colony. In the mean time, he worked as a shipbuilder and greatly improved his English.

In 1619, Squanto was finally able to return home on a ship led by John Smith. Tragically, upon arrival he discovered that most of his tribe had died of a plague the year before. It was almost as though God had prepared him perfectly for what happened next.

Saved by a Catholic

Just a year later in 1620, the Pilgrims arrived. They were English Calvinists who were seeking to build a new religious community apart from the Church of England. Little did they know that they would end up being saved by a Catholic!

The Pilgrims had little food and were unprepared for survival in the Americas. Squanto, who spoke great English and had a lot of experience with English culture, reached out to help, teaching them how to grow food in the new landscape. It must have seemed like a miracle to the Pilgrims! He befriended the Pilgrims and became an important part of their community. At one point, Squanto was kidnapped by another tribe and a team of Pilgrims saved him.

*This week's cover photo is our statue of St. Monica, the
mother of St. Augustine and the patron saint of our Christian
Mother's Confraternity. We are reminded as the holiday
season comes upon us of the members of our family who
seem uninterested in practicing the Catholic Faith that was
handed down to them. Some may be living lifestyles that are
causing them spiritual harm and hurting those who love them
most. We should still try to connect with them in what ever
good conversation we can share in common. We may not be
able to control their actions, but we can control ours. We can
also turn with confidence to St. Monica ! She was "a worthy
wife" and mother who prayed for many years that her
husband and her son would embrace true Christianity. In both
cases, her prayers were answered in her favor! In fact, her
son, came to be one of the most holy and influential Christian
writers of all times. He had so much positive influence in
salvation history that he is one of the Doctors of the Church.
Never give up on prayer for your loved ones. Someone you
think is lost may simply need your prayers to be the next
great Saint! In all things let us be thankful and joyful.*
